An act to amend Section 1279.6 of the Code of Civil Procedure, to amend Sections 298, 298.5, 355, and 358 of, and to add Sections 298.6 and 306.5 to, the Family Code, and to amend Sections 103175 and 103180 of the Health and Safety Code, relating to name changes.

LEGISLATIVE COUNSEL'S DIGEST

AB 102, as amended, Ma. Marriage: domestic partnerships: name.

(1) Existing law provides for the registration of domestic partnerships and requires 2 persons desiring to become domestic partners to complete and file a Declaration of Domestic Partnership with the Secretary of State. Existing law requires the Secretary of State to prepare the form for the Declaration of Domestic Partnership pursuant to specified requirements.

This bill would require the Declaration of Domestic Partnership form to contain an optional section for either party or both parties to indicate a change in name. The bill would allow one party or both parties to a registered domestic partnership to elect to change the middle or last names by which that party wishes to be known after registration of the domestic partnership by entering the new name in the spaces provided on the Declaration of Domestic Partnership form without intent to defraud. ~~The bill would require, if a last name that is newly adopted pursuant to these provisions is not derived from the existing true, full name of one or both parties to a domestic partnership, that both parties enter the same new last name on the Declaration of Domestic Partnership form.~~

(2) Existing law requires the Secretary of State to register the Declaration of Domestic Partnership in a registry for those partnerships and to return certain documents to the registrants, including a Certificate of Registered Domestic Partnership, except as specified.

This bill would require that the Certificate of Registered Domestic Partnership include the name used by each party before registration of the domestic partnership and any new name.

(3) Existing law requires that, before entering into or declaring a marriage, the parties first obtain a marriage license from a county clerk. Existing law requires the State Department of Public Health to prescribe the forms for the marriage license.

This bill would allow, on and after January 1, 2009, one party or both parties to a marriage to elect to change the middle or last names by which that party wishes to be known after solemnization of the marriage. The bill would require, on and after January 1, 2009, that the forms for the marriage license contain spaces for either party to indicate a change in name and would allow either party to change his or her name by entering the new middle or last names in the space provided on the marriage license application without intent to defraud. ~~The bill would require, if a last name that is newly adopted pursuant to these provisions is not derived from the existing true, full name of one or both parties to a marriage, that both parties enter the same new last name on the marriage license application.~~

(4) Existing law requires the State Department of Public Health to prepare and publish a brochure containing specified information for distribution to applicants for marriage licenses and persons who qualify as domestic partners.

This bill would require that the above brochure contain information concerning options for changing a name upon solemnization of marriage or upon registration of a domestic partnership. The bill would also require that information to include a notice that recording a change in name or the absence of a change in name on a marriage license application and certificate may not be amended once the marriage license is issued, but that options to adopt a change in name are preserved, as specified.

(5) Existing law, effective January 1, 2008, requires that a marriage license contain certain information, including the maiden name of the parties' mothers and the maiden name of the female, if previously married.

Existing law requires that each marriage performed be registered by the person performing the ceremony. Existing law creates an exemption from this requirement for members of a religious society or denomination not having clergy. Existing law requires those persons to file a License and Certificate of Declaration of Marriage containing specified information, including the maiden name of the parties' mothers and the maiden name of the female, if previously married and if her name has been changed. Existing law, effective January 1, 2008, requires those persons to file a License and Certificate of Non-Clergy Marriage subject to these provisions.

This bill would, effective January 1, 2009, modify the provisions relating to marriage licenses and Licenses and Certificates of Non-Clergy Marriage to conform with the above provisions allowing either party to a marriage to change his or her name. The bill would require that a marriage license and a License and Certificate of Non-Clergy Marriage include the last names at birth of each party's parents and any new name selected by a party for use upon solemnization of the marriage.

By requiring counties to alter their forms to conform with these requirements, the bill would impose a state-mandated local program.

(6) Existing law prohibits a person engaged in a trade or business of any kind or in the provision of a service of any kind from refusing to do business with, refusing to provide the service to, or imposing a specified requirement upon the use of a name, as a condition of doing business with or providing the service to, a woman in connection with her use of her birth name or former name.

This bill would extend these protections to any person, and would apply them, in addition, to a person's use of a name adopted upon solemnization of marriage or registration of domestic partnership.

(7) Existing law provides that, upon application for an original or duplicate driver's license, the Department of Motor Vehicles may require the applicant to produce any identification that it determines is necessary in order to ensure that the name of the applicant stated in the application is his or her true, full name and that his or her residence address as set forth in the application is his or her true residence address.

This bill would provide that the provisions of this act shall not be construed to prohibit the Department of Motor Vehicles from accepting other documents establishing a true, full name, including, but not limited to, a certified copy of a Certificate of Registered Domestic Partnership, a certified copy of a marriage license or certificate, a copy of a document substantially equivalent to a Certificate of Registered Domestic Partnership, or a copy of a marriage certificate recording a marriage outside of this state, as specified.

(8) This bill would make other technical, nonsubstantive changes.

~~(9) This bill would incorporate changes made by SB 11 that would become operative if both bills are enacted and this bill is enacted after SB 11.~~

~~(10)~~

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
